IN SEARCH OF THE MIST OF TRUTH

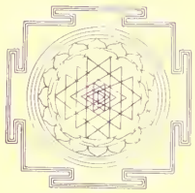
You, who are on the road,
must have a code
that you can live by.
Graham Nash

1971 TOMOKAN
ROLLINS COLLEGE
WINTER PARK, FLORIDA

It's a nice time here at Rollins. The days are long and free. Your only responsibility here is to learn -- to learn the truths in life, put them in an order and, from them, build a code, a core, something solid within you, that determines what you are and guides you in what you do. Though not readily apparent, that fine mist of truth is always present in all that you experience. Its perception requires much conscious effort but, once acquired, truth is yours forever. And now the time comes to think back over your search and ask yourself, "What have I learned?"

The yantra is a geometric design, of eastern origin, sometimes used during meditation. Contemplation of its integrated parts as a whole form brings order to the mind.

I think, therefore, I am.
Descartes

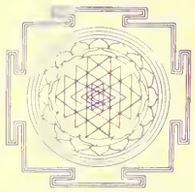


Do whatever you want,
but love whatever you do.
Biff Rose

Nature will take care of you only if you take care of her.
Larry Burton

Speech is a mirror of the soul.
As a man speaks, so is he.
Publius Syrus

We must exist on earth,
As if each breath,
Is the first after birth,
And the last before death.
Larry Burton



Turn your back on no one; you may be painted on one side only.

T. W.

3052 AK

Hitch your wagon to a star.
Ralph Waldo Emerson

To have failed is to have striven;
to have striven is to have grown.
Malthie Babcock

Whatever is worth doing at all is worth doing well.

Philip Dormer

Nature is commanded by obeying her.

Bacon

What sunshine is to flowers,
smiles are to humanity.
Addison

YOU

WHO

SEARCH

We are here to learn of life and the manner in which we should live it. We come together from near and far to discover that people are all of one accord and yet no two are completely the same. We then strive to become what we want while retaining that personal individuality which makes us real.

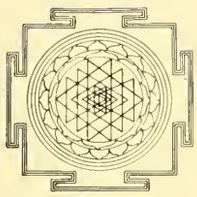
INTRAMURALS



We are here to learn of life and the manner in which we should live it. We exist in two planes which are mutually dependent. Our minds alone can not carry out ideas nor can our bodies function of their own accord. The better the co-ordination between our mental and physical faculties, the better are our powers of perception.

In the end, importance lies
not in whether you win or lose
but in how well you play the game.

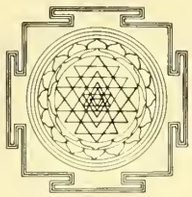
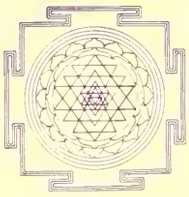
THE BEAUTIFUL PEOPLE



We are here to learn of life and the manner in which we should live it. The whole spectra of human emotion is available to us when we are free enough inside to let our honest feelings show themselves. Beautiful are those among us whose outward appearances are of one accord with that which is within them.



Beauty
does of itself persuade
the eyes of men
without an orator.
Shakespeare

Beautiful people,
we share the same back door.
It isn't right that
we never met before.
Melanie

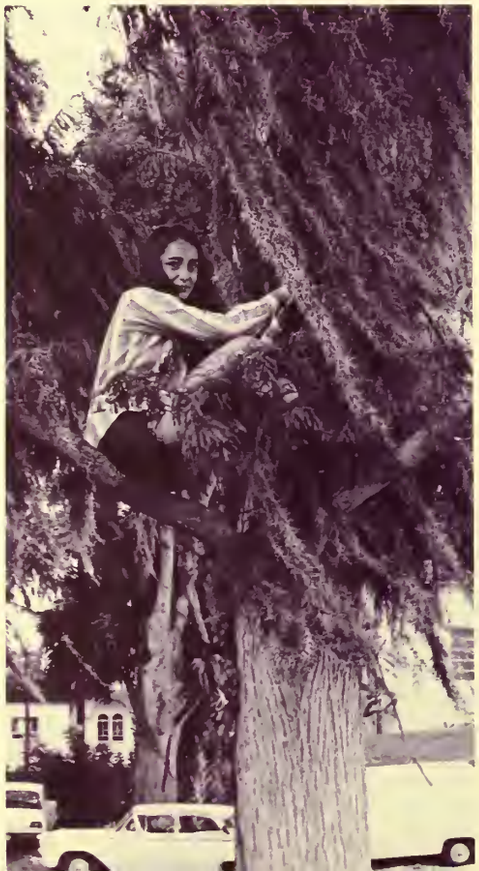
A friend is one who incessantly pays us the compliment of expecting from us all the virtues.

Thoreau

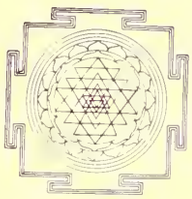
Nothing is at last sacred but the integrity of your own mind.

Ralph Waldo Emerson

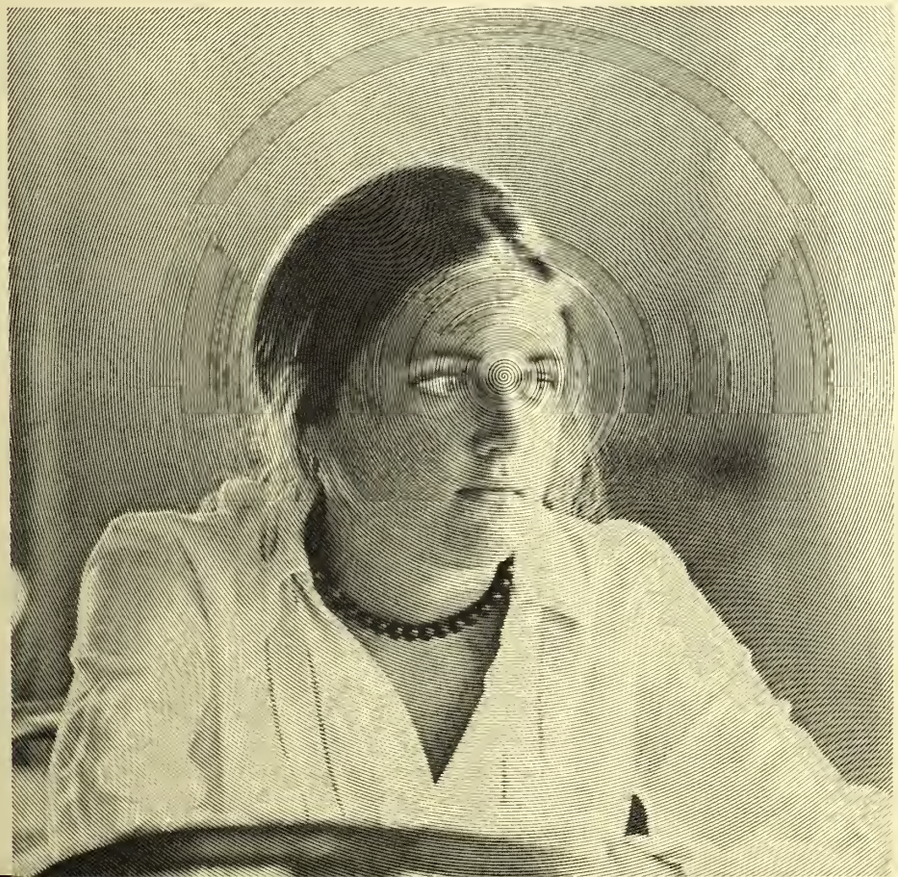
I want to thank you
for letting me be myself.
Sylvester Stewart



Your first love
must be for your own life.
Larry Burton



For those who love,
Time is eternity.
David Laflamme



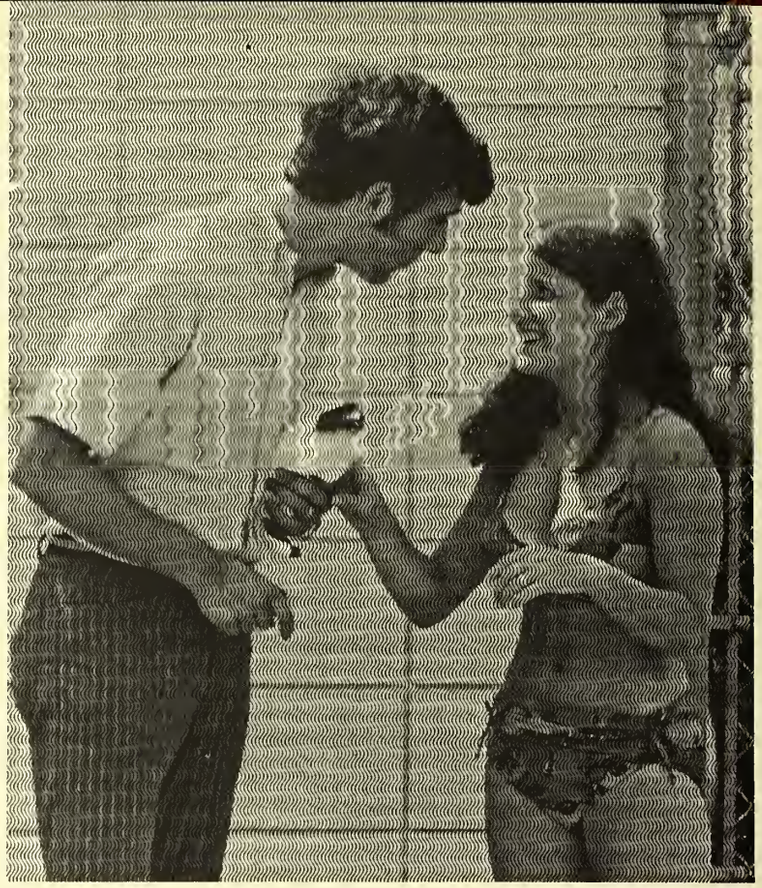
There is no greater delight than to be concious of sincerity on self-examination.

Mencius

We must exist on earth
As if each breath
Is the first after birth
And the last before death.
— Larry Burton

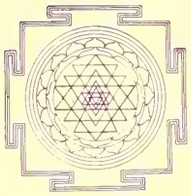
Draw from others the lesson that may profit yourself.

Terrence



How sweet the words of truth breathed from the lips of love.
James Beattie

Think no man a stranger.
Larry Burton



Life Is Celebration
Biff Rose

So become yourself
because the past is just a goodbye.
Graham Nash

ACTIVITIES

We are here to learn of life and the manner in which we should live it. From brothers of like accord we choose our companions and build our friendships. Then, sometimes with our close companions, occasionally because of them, and often on our own, we find our interests and desires and learn to devotedly pursue them as goals.

THE GUILD

This year for the Guild was not an all good year. In fact, it wasn't Murphye or McVay year either. To add to it Chip deactivated and has now turned over a new leaf.

In spite of our losses we gained Speedo, Adam O, Ned, and Sparky. What a rush! Since then Sparky left but it didn't matter because Donovan came back. C'mon ret. Scotty celebrated his twenty-seventh birthday and was in good spirits. (See you next year) For Crash everything went Ship-shape even though he didn't get wrecked this year. Thurston Tuttle was filled with Sherry and is still in search of his team. Neil is still asking is Owen back this year? It's getting ridiculous to even ask. Phillips found the keys to happiness in Lou of the rigger. To the moon. We'll mourn the loss of Brewster McBride. He'll be difting on, no longer cooped up at Rollins. Braak. In spite of another de-activation we still had the fury of the spic living with us. We also had the Rio treat of living with Reeves for another year.

B. F. Cathcart couldn't get the words to "Go Down Moses" and is still looking for a Foxey lady. And Charlie Hefner, still at a young age was almost in the red this year. Buy another new rug and give yourself a pat on the back. Martinique was pegged for a Sterling honeymoon this year. I'm sure they'll hash it out. Marty came to grips with stark reality and all he would mutter was ech. Another pat on the back. Cap cornered Blaize again it seems there has been a boon in apple farming and he wants to get down to the core of the problem. "I'm surprised that old pig made it." This was the Chief's last year also. We all hope everything will be dandy for Lyons. Nick was asked to play the part of Vince Lombardi in an upcoming movie but turned it down because he'd miss Dragnet. By sheer luck Nick may not be a Vestal virgin.

Bowman was dyin' for a woman but it was hard, man. He just wasn't cast for the part. Sharts was in India winter term hopefully learning sign language. Speading of learning, there's still a ray of hope that Dave and John will keep at it. Rich had a bon year with his new electric comb. Maybe it would help his plants. Sunshine took Melissa to see Larry this year and cut a mono record winter term. Zeeee (Foom-Foom). The maintenance department had to add a few steps as the tower got higher this year (Whose car is that in the resident head spot?) McKenna's gold never came through but he's still dreaming of some holly. Hugh showed us his home-grown sister this year. Another mirror image.

Finally a thanks to those without whom this year wouldn't have been possible.

CHI OMEGA

Chi O's go down . . . in history. At this time we would like to reiterate some of our achievements. Our congratulations to Marni for getting the job done in California and to Lynne for coming back. We are happy to announce that Kim found her pot of gold at the end of the rainbow and that you are never too old as Betsie rediscovered her "youth". Deedee became "Queen for a Day", Alice hit a new high at the Orlando Police Station, and because of her excellent achievements in the field of elementary education we now entrust all of our children to Miss Marcia.

Our thanks to Amy for leaving Winter Term to give the rest of us a chance. Did someone ask where Diana was? Our luck goes to Schwartz for a good show . . . at Wimbledon. Candy went Hawaiian, sort of, but now she's wearing her Bobby socks. Rumor has it that Karen's best friend is Rubby Ducky, and if anyone's in search of a cold bath, they can find one on tap at Elsie's. Cece will be starting a Home Economics class at Rollins, and Gidget will be the first to enroll. Cindy "Dreams of Jeanie with the long Blonde Hair," Andrea knows the value of a well-turned ankle, and have you heard about Fran and her wrecks? Due to unforseen circumstances, Dale will remain as a full time student for the next twenty-five years. To our pledges, good luck! And then there's Jamie — we think — but where??

Thus we dedicate the following songs—
Diana —"The Shadow of Your Smile"
Karen—"Splish, Splash I was Takin A Bath"
Dale—"In My Room"
Marcia—"Foxy Lady"
Ann—"Michael, Row the Boat Ashore"
Candy—"Bobby's Girl"
Kim—"Somewhere Over the Rainbow"
Alice—"Bottle of Wine"
Amy—"Runaround Sue"
Jamie—"The Sounds of Silence"
Lynn—"The Farmer in the Dell"
Deedee—"The Space Odysessy"
Gidget—"Your Mother Should Know"
Marni—"California Dreamer"
Andrea—"Patches"
Betsie—"You're Not a Kid Anymore"
Cindy—"The Look of Love"
Fran—"I Want to take you Higher"
Elsie—"100 Bottles of Bear on the Wall"
Cece—"How Much is That Doggy in the Window"
And to our Pledges—"Midnight Confessions"

LAMBDA

This school year has been an eventful one for the Lambdas. In our first year as a local organization many of the brothers have finally realized their potential in various fields. Tom Matthews, for example, chaired a committee which aided the Winter Park Police Department in combatting the rising rate of alcoholism with special emphasis on driving while intoxicated. Mark Aspinwall has realized his ability in the business world shown by his stellar grades in Crummer. Lee Berger and Jim Berry gratefully donated their services by teaching a sex-education course at a local school. Bert O'Neill has also been into various things too numerous to mention. Dan Kinney has been realizing great gains since purchasing Beaver Stocks, Inc. Bob Winslow and Mark Freidinger have been working with the Physically retarded in trying to teach them to play Jai-Alai. Chris Fusco. Randy Xenakis and Tom Cavicchi have a new college dating service in the works. Dave McComb has aided them immensely despite a severe sunburn on the back of his neck. Bill Shetter and Dave Troxel are engaged in various community projects. Dana Consler and Stobie Whitmore are still writing graffiti on bathroom walls, while Mike Slagle was impressed by the machines on the bathroom wall at the FBI. It seems Bob Pistor has realized a lifelong goal by finally securing a position with the Orlando Sanitation Department. Howie Barrow has been placed in charge of arranging Rush Weekend next year claiming that this year's Pledge Sunday had too much color and excitement. Taylor Metcalfe has had a great year as a pimp. Mike Ford has started a telephone answering service in reverse. Guy Ashley has his sights set on a recording career. His first song "Julie, Julie, Julie Do You Love Me" was a great smash. Buff Miner, our only Physics major, will go into the laxitive business claiming there's a lot to get out of it. Pete Burnett has been appointed chairman of some committee too insignificant to mention. Kim Tuell received the annual Helmet Award and SO LONG BUNGS!!

KAPPA KAPPA GAMMA

The Kappa's started off the year in fine form with two fatalities — nice going Burns and Mercer. Watch those balconies! Carty pleaded with us not to screw her in the yearbook but don't worry Toni, "Everybody loves it." Toni, we also loved the fact that you gave Santa Claus more than milk and cookies this year! Hill (FH) Sandee's famous saying was "I'm going to snake a snake." But remember Sandee, two snakes in the bush are worth much more than one snake in the hand. Kit — Next . . . JoJo — which sookie did you get at Pup City? Benson — Scarlet Lee declares once more that lips that touch liquor will never touch mine. Don't give in, Sherly. Atwood — Buff tried to point out the elements of Physics to Mary — or was it Biology? Couzens — Sarah Ellen got mixed up and thought Andy Williams sang "Blue Hawaii." Crutchfield — You got the high school ring now where's the letter sweater? Yesner — Famous quote — "Yes mother, I did." Incidentally Steve, the rabbit died. Kibler — Get out of the trash can, its time to go home. King — We know it is Fred and always will be. Don't kid us. Berry — Mr. and Mrs. Harry Johnson III and their son, Eric. Werum — Annie, what were you doing at 6:00 am the morning of the Senior Party, walking the dog? Cissie — Every house needs someone to offset the bitches. Burns — That's real companionship — holding hands while getting sick at the same time. Caroline — Thank God for visitation, single rooms and Bruce. Cynthia's favorite saying — "I'm too big for this place." If that is so, why are you still here? Terry — If you save your pennies you might be able to buy a pair of binoculars to look at the Back Door. Dinny — "I just can't understand why so many good looking girls just sit in." You can dress her up but you still can't take her anywhere. Hicks — How was "chicken woman" at the Club Juana? Really Gardner, is that any place to take a girl? Eichleburger — feels she's too mature for the boys at Rollins, so she found herself a 74 year old "sugar daddy" — I'm sorry, Marianne — He's only 65. Schaetzel — spent the entire year in menopause — disregarding that, she was a great President! Eiselman — You didn't get lonely Winter term, did you? Andres — Andi acquired a new roommate . . . and we don't mean Ralph! Cooper — Sweathog had a big year as Meredith's favorite . . . nice language Margie! Chapin — Really, Edy, there's a technique to mashing. You're not supposed to chip your tooth — right George? Barb Barnard — Is it true what they say about Latin lovers? Barb Dunlap — My name is Bob, B-A-R-B. Terry — A little speech therapy would help that mid-western nasal draw. No maybe a lot. Cris — Really, Cris, we're not trying to snake your date. Reed — The tiny groover out to study a bit more. Pam — If you're ever looking for Pam, check the stacks, she's probably sleeping there. Butsie — Was there really a fire drill in New Hall that night? Hedwig — The way to Hedwig is not through her heart, but through her stomach. Rockhill — SUPER JOCK! Bevan — Our first pledge to get the tongue trophy . . . she deserves it! Harkins — Another one in the Sandy Burns syndrome — will KKG make her hard-core? Patty — Shhh — I think Patty just said something. Connie — You're an Okie from . . . what? Skamokie? Sue Allison — It's tough having a big brother watching, but soon . . . Barb Berry — A vanishing act with her sister. Wendy Jackson — The psychedelic pledge. Lee Morris — The fastest talker this side of Lake Virginia. Kathy Winge — Kathy, that laugh has got to go! Last but not least, the Kappa's must say good-bye to Mercer and Charles. They haven't done anything out of the ordinary this year to warrent a "hang-up" in the year beek. All we can say is that they are the best Senior Class ever — maybe not in quantity but in quality.

Sincerely,
Mercer and Charles

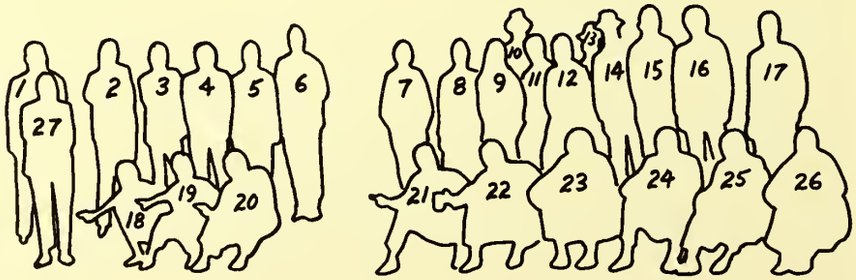
PHI DELTA THETA

Big deal! As usual, the Phis have proven themselves versatile. Unfortunately that's all that you might find as an attribute. They finally got moved out of that ridiculous thing the college called a "living facility." Comforting thought to know it only took 47 minutes to tear it down and cart it away . . .

Anyway, its about time to get down to the business at hand: insulting all those persons who came around often enough for us to find out some of their faults. By the way, we hope you *all* have a lousy summer . . .

Congratulations to CHUCKIEPOO for letting Susan push you around for another year. Just because C, B, and G seems to swinging on a financiala tightrope, we think you might best pay more frequent visits to the Lambda house. To DICK BETHEA, hope you can find a group of guys that talk alike and dress alike (and wear the same funny glasses) so you can follow 'em around. MARTY GREENE — what can you say about a gut who pays a girl $50 to fly in from Washington and dump on him. No, DINGbat, we didn't cram towels in the johns so that moss would grow on your ceiling. But now that you mention it . . . FINN — we know that it was a shock to discover (again) that a 2.5 is *not* a C+ at Rollins. PENDERY really knows how to live it up in style. Between Jo and Lanie he's got more woman than any 5 other guys on campus. 12 more between the two of 'em and you could put 'em out to pasture and sing "I'll wait till the cows come home." PAGE traded one kind of bust for another. YURCHENCO . . . well, what can you say about such a cute little furry fellow? Despite passionate efforts by our lady of the night, Caitlin. DURRELL maintained his cool and pulled out just in time to catch a ride with the Titusville Pigs. DERBY was his usual self. merde. He gave it to everybody including his little side-kick, Chuckie. Regardless of what anybody says about it being impossible to keep animals in your room, don't believe a word of it, because Lisa gave BARRETT the lamb (basting) to prove it. It goes all over his room — his head, his bed, his closet . . . CROSBY was a real regular grit except for his temper, his looks, his mouth, his clothes, his attitude, his hair, his All S.C. jock girlfriend. Say, Sam, are you related to Harry Meisel, or do you just act that way on purpose? Maybe he's just an easier act to follow than John Wayne . . . BROOKLYN mated three types of parameciums and got a new type of tartar sauce. Maybe some day he'll get the crabs to eat it with. Ah, *yes*, the AMAZING VASTO (alias Baby Buzz) did it all in his first big year as a Phi: Jacobs, Caitlin, Daniels, Kest, the maid . . . By the way, Jim, when are you gonna change your sheets? Beth bent MARGESON into unheard of positions. No wonder your knees are bad! Come on and clap, clap, clap your hands! He's a Senior — so who cares what he's got? The South American National Liberation Society: ANDRADE & DE LA GUARDIA, say, what is that funny plant in your window? So who cares if you're always laughing? Strike-up a Chiquita . . . *we* know you're both just a coupla cheap greasers with phony accents. May the Spanish Bird of Fertility perform mierda on both your birthday cakes. MAGOO, you with the groobe in your hand. Keep your eyes open for last year's sweetheart. When in doubt, a quick lube job beats the old groove-o. MUDHEAD HUFFARD — Space Cadet First Class and full time resident of Warp Factor Five, occasionally beams down onto Aminal and Greazball's victory (?) garden with his cousin, Dr. Spock. TYREBITER MCFALL was an excellent rush chairman. With his slogan how could he lose? "Wanna rush? Take a flush!" Finally (Thank God) as far as the actives go are those subversive, degener-



ate Ground hogs, the Pinehurst anchor. KLEIN remains well while CREAN and BESTIC move on in search of reality and the ultimate reward of a helmet stuffed with its own specially fitted steaming heap . . . and it ain't hot buttered corn!

THE PLEDGES. Really a great bunch of bananas! MIKE, TOM, JEREMY, BOB, BRUCE, STEVE, JACK, PAUL and GREG. In no special order because you should all come last together . . . Raw! Raw! Raw!

Next we slash on our advisor and newly initiated brother, WILLIE LOVING, the Art Grindle of the Office of Student Affairs. Such a kivabke hot dog — but we caution him to remember the words of Ben Franklin: "A man can't be too careful what he signs these days."

N C M

N.C.'M., a veritable resevoir of profundity amidst a sea of sometimes verbally nauseous sounds. Our militant Big Bess is most often worried if her ribbon matches her skirt and between nugies, Sarabell, you find time to stop worrying and becoming our famed, beloved and naive leader. Among her cohorts . . ah . . . Jane to Janet, our motto "Keep the midi and hide your legs." Oh, and "you Know", Barbara, Philosophically speaking, I think you really ought to go for the mini-cuban tonight. That is, if you can get Jane to stop checking the phone to see if the line to Boston got somehow disconnected. Jane, you've got to learn how to fall out of love. You're pathetic. Candy, our little rose bud, it's not a wonder, as you're the only one would could ever keep Philly under control, Doug it? After Tenda got over her French accent she settled down for some serious dishwashing Ah, ha. Nancy, our lady in the Carribean, Florence Nightengale of the Andros Islands, and consistent slow sipper of Doubonnet on the rocks. Do they really hang the toilet paper from the trees? Janimal has plastered herself into some temporary theatre scenery and her quiet, feminine, subtle humor is missed but God forbid, never forgotten. Between Margie's eight foot smile from Louisville and Jane in her elusive, huge mirrored sunglasses, we'd barely be able to tell them apart. Than God they wear different colored knee socks. Then there is our own up and coming house wife, Susan. She had to go to Europe this term, as she hasn't been in two years and well with a new prospective budget and all . . . She really didn't want to go. We are giving a special scholarship starting next year — writing lessons for Susie and a work program at the Beef and Bottle so that she may perfect the Julian salad as well as she has perfected just about everything else. Terri, you must not hide under that white KWish hat. Terri has a habit of never shutting up and laugh? She'd giggle if her horse kicked her in and we then have Chris on our list, but she's got classes and stuff so we never see her. Janie, I don't know why, is usually on a diet with Ann and well, if she could just point Ann in the direction of a bathroom every once in a while, it would save Ann the embarrassment of asking an almost stranger. Diane, will have to get part scholarship with Susie and increase her one vocabulary work — wouldn't that be "excellent"? I have decided that Ann is part Cherokee, as I don't believe I've seen her in a pair of shoes yet and she's got all the beads and braids and stuff. Marianne, our intramural physical education therapist looks best when we all look the worst, but that's all right you guys.

And there we were
  treading hardly
routes of rooted wishes
  greasy fulfillment dishes
stagnant mind-melodies waiting
  to be devoured
dishes scoured free
  of wrinkly forheaded desires
Id mires
  of mucky malcontent
trees falling
  leaves rising
  We sighed
pumpkin pied
  lush velvet dreams
staring down
  dangling from precarious pyramids
of surrealistic serenity
  oopsy daises
    plucked from
yesterdays monstroud imagined
  mistetoes

PHI MU

Phi Mu began their 1970-71 year when Herman took up permanent residence in Fox Hall after the Morticians Ball and finally joined Ardnas in the bathtub. Bloody Marys flowed like water, and the Phantome Bummers struck again . . . and again . . . and again . . . The Dateless Wonders are seriously considering Lover's Leap. Visitation passed but no one noticed — who wants to visitate anyway? Permanently wrecked Read runs rampant in the halls with Moffett close at her heels . . . Doni got her second Phi Delt pin, but that doesn't matter . . . Georgetown has no fraternities . . . Norman wishes she knew more about auto mechanics and parlimentary procedure . . . Corley finally got a rock on her finger big enough to match the one in her head and Squash is still bitching and waiting . . . What can you say about Benson?! Laurie Cohen — does she go here? Ryan — a staunch believer in "absence makes the heart grow fonder" occupies her time with ducks . . . Pamela Pureheart passes on her title to Pat Sisson and becomes Passionate Pamela Paranoid . . . Lynn enjoyed the KA party and hopes to go to Old South as white trash . . . G. G. alias, "Legs Gleason" cleaned up at the hang party with a can of sex appeal and a 40 D bra and tried to begin anew . . . our girl Barbara brought gelled sophisticiation to the Phi Mus — we melted it and drank it! Val is boycotting the audio-visual room at the library . . . Roeder fulfilled her childhood dreams with a bicycle . . . a two wheeler no less! Barrett spends a lot of time in the Phi Mu house in Bob Richmond's room . . . Mother Fergies begins to appreciate French . . . Bestus, our resident independent, friend of Phi Mu and the Phantom Bummers is planning a trip to Jamaica for her new major — astrology . . . Nicholson, Nivens, Zoll, and Kendall escape to England — can you blame them? Joyce took up where Ingalls left off and ran into a few snakes. . . . Badly bombed Betsy is still badly bombed and captivating Carr is following close behind . . . Rush brought us 19 pledges — 4 TKE freaks, 2 sig Ep Raiders, 1 Lost Lambda, 2 Snakes, 1 Clubber, 1 KA, 1 Independent, and 10 nominees for Dateless Wonders . . . That's more than 19 cause Abby can't make up her mind! And the Marshmallow Maniacs are everywhere! Augh! (Squish)

SIGMA PHI EPSILON

It was a memorable year.

Anderson, surprising everyone, made a meeting while Stephens got sun-burned; Brown got a free-throw while Hank did a layup as Bruce dribbled in. Bronos took a South American safari, Hartley got Guccis, Dean drove a beer truck to Tampa and Woody stayed in bed. Swartz and Madonick finally caught fish and Crowe lost the whole damn string to the ocean. Longstaff joined the Y, Goode got Lanaliered, Howard borrowed a dollar and Suor decided to transfer.

Sams performed a miracle and became President, Stull baked cookies and wiped out, and they both celebrated over a bottle of Champagne. Deutsch got committed, Stu got bricked in, and Hills got another ticket. Gibbons got stilts; Thompson got an apple on the front seat and was stung by a bee while Osmer got a new roommate weekly and Landers had to knock on the floor. Howard borrowed a cigarette and Ted changed his mind and decided to stay.

Novak got a kosher boopse while Boyle relished in Cin; Kiernan got Maddison and Maddison got the basement. Hochstetter went to England, Tong was made in Japan, and Khouri spent half the year in Jamaica. Seago moved off campus, Stanton got Christened and Merriman terrorized the courts. Wright got the Lambdas, Ritti got ODK and the pledges had a bright idea. Howard borrowed a meal ticket and Suor decided on Buffalo State again.

Frenchy found a star and Coley begot. Dr. Epley established our objectives and Rountree helped us achieve them; Richmond bared rats and got a long distance phone call while Dahl went into hiding. Penny came back for seconds, Howard borrowed a match, the fraternity sang Drink Beer — and Ted decided to stay afterall.

We remember: Reggie Brock, Peter Holnback, Ed Nicholson, Tom Eichling.

TAU KAPPA EPSILON

The Bear left to hibernate, but before he hit the little field in the North Woods we noted the following: Zo found that Maryland was the ideal place to set up the Swedish Relief Fund and Skinny stopped skiing long enough to set up a used muzzle shop. The Teke's most active nurse had better convince Leon that a honeymoon isn't like every other vacation. Worm, you Charles Atlas dropout, if you turn your stereo up once more, you're going to be pressed flatter than your American flag. Garth got a little Portly so he tried hitch-hiking for exercise — now he's switched his major to creative storytelling by popular demand of the Deans. Although Cassius fought hard with his new car, glasses, and bells, his personality won and he still leads the Teke's in strikeouts. Greasy raided a Robin's nest, but still came up with an incomplete. Saint tried for NBL Rookie of the Year, but as usual things just slipped through his fingers. Seriously, Blade, is it true that you can do anything — except laugh? Rayman had so much trouble Learning that he shadily started applepolishing the schoolmarm. How is the wierdbeard going to get married if he's allergic to the birds and the bees? Ata psyched up on "Love Me Tender" before he hit the Dojo for a fast hockey match, while B. J. and Butterball had trouble keeping the sheets dry. Winter Park Hospital put out an autographed line of Slodo crutches, while Minimind and Protein 21 named him "Man of the Year." F.A.T. Tank got taken in Principles of Typing, while Granny Hum proved to be a real Hope Chest. We've had reports that Lackner is a little Gross. The Venereal P. walked out of the South Street Aviary singing "If I had the Winges of An Eagle," but ended up getting divebombed by a Hawk. With Malis towards none and charity towards all, the Teke's pledged a singing math major. Tell us Merce, does music actually soothe THE savage beast. After the Sigma Nu game, R man found it was easy to sink his teeth into those late-night B.S. papers. Is it true that the Mother can be replaced by a robot garbage can? Come on Ahab, tell us the story about Pinnocchio again. Spencer retired the Straight-Arrow Award after earning it the last three years. The Screaming Oreo was finally accepted to Med School, but found out that even a hot comb is no protection from being Deutsched. Still suffering from a terminal case of the flippers, the Penguin found a Crutch most helpful. After a foggy football season, QB Zeke's arm went to pot. Captain Cecil B. deWaterballoon took do-it-yourself flying lessons before he came down to earth as head of the local V.C. Carol was a perfect Sweetheart, while Ma Snides found the perfect solution for life with the zoo — Harper's, Barnett's . . . Hey John, how about a little living room Jai Alai, a water fight, hockey maybe . . .? To wrap it up, the Tarot cards say that Rich has THE POTENTIAL.

Waiting

Serene, I fold my hands and wait,
Nor care for wind, nor tide, nor sea;
I rave no more 'gainst time or fate,
For, lo! mine own shall come to me.

I stay my haste, I make delays,
For what avails this eager pace?
I stand amid the eternal ways,
And what is mine shall know my face.

Asleep, awake, by night or day,
The friends I seek are seeking me;
No wind can drive my bark astray,
Nor change the tide of destiny.

What matter if I stand alone?
I wait with joy the coming years;
My heart shall reap where it has sown,
And garner up its fruit of tears.

The waters know their own, and draw
The brook that springs in yonder heights;
So flows the good with equal law
Unto the soul of pure delights.

The stars come nightly to the sky;
The tidal wave comes to the sea;
Nor time, nor space, nor deep, nor high,
Can keep my own away from me.

INDEPENDENTS

THE THINKER

Back of the beating hammer
By which the steel is wrought,
Back of the workshop's clamor
The seeker may find the thought;
The thought that is ever master
Of iron and steam and steel,
That rises above disaster
And tramples it under heel!

Might of the roaring boiler,
Force of the engine's thrust,
Strength of the sweating toiler,
Greatly in these we trust.
But back of them stands the schemer,
The thinker who drives things through:
Back of the job — the dreamer,
Who's making the dream come true!

Berton Braley

ATTAINMENT

Use all your hidden forces. Do not miss
The purpose of this life, and do not wait
For circumstances to mold or change your fate.
In your own self lies destiny. Let this
Vast truth cast out all fear, all prejudice,
All hesitation. Know that you are great,
Great with divinity. So dominate
Environment, and enter into bliss.
Love largely and hate nothing. Hold no aim
That does not chord with universal good.
Hear what the voices of the silence say,
All joys are yours if you put forth your claim,
Once let the spiritual laws be understood,
Material things must answer and obey.

If you are all my brothers,
Then, hear me when I speak
Of truth and life and freedom;
The things you all will seek.

You'll know the joy of freedom
When you walk the path of truth.
You'll have a life worth living
And know the greatest truth.

That, life is merely freedom
To do that which you choose-
This mindly choice, man's essence.
And not some gilded muse.

Larry Burton

Realize that the answers lie within you. Look up to yourself and live up to the best within you. And when today is over, think about what you will do tomorrow.
